

Davis DIGITAL

A New Standard in K-12 Digital Textbooks!

Only Davis Digital provides K-12 curriculum digitally in a complete teaching and learning environment online with these unique features:

Davis e-Book Library

Open any K-5 Student Book or Teacher's Edition with a single click.

e-Lesson Planner

Create personalized classes and folders with your favorite lessons, images, websites, and more!

e-Portfolio

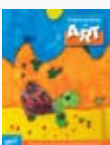

Showcase your students' artwork with Davis's easy-to-use and fun-to-customize templates.

e-Community

Share best practices and post questions with other art teachers within learning communities.

e-Book Library

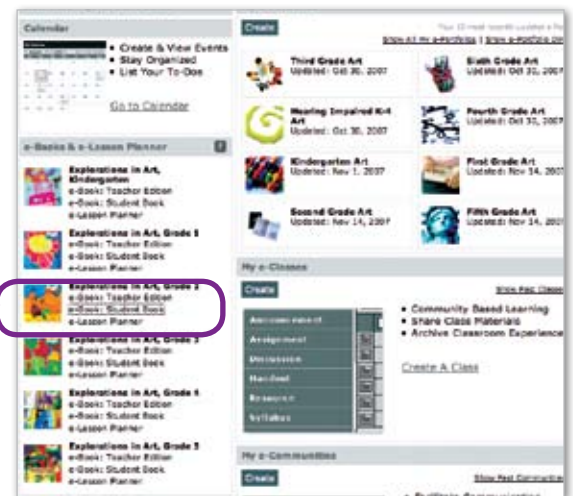

Much more than an electronic version of a textbook, Davis DIGITAL includes an e-Library that provides every teacher with his or her own personalized homepage where every Student Book and Teacher's Edition are one click away.

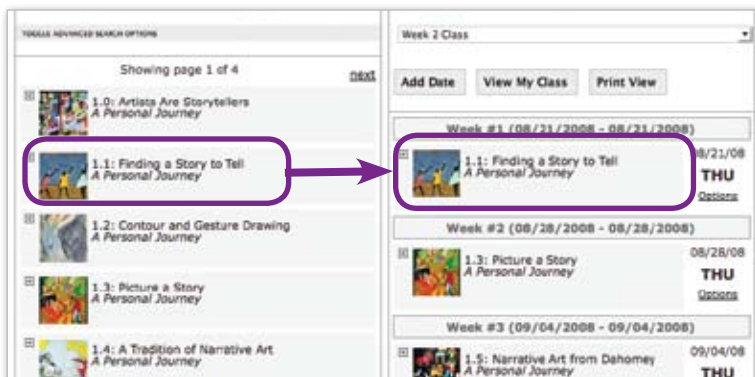

Explorations in Art, Grade 2

Student Book
Teacher's Edition
e-Lesson Planner

Images and lessons are just a click away!

Sample library illustrates a purchase of levels K-5.

e-Lesson Planner

It's easy to create customized e-classes and e-lesson folders. Just drag and drop lessons from the Davis e-Books into your folder. Add your own content as well, including your favorite lessons and images, Word files, or even website links.

Scan lessons at a glance. Then drag and drop them into your personalized e-lesson folder.

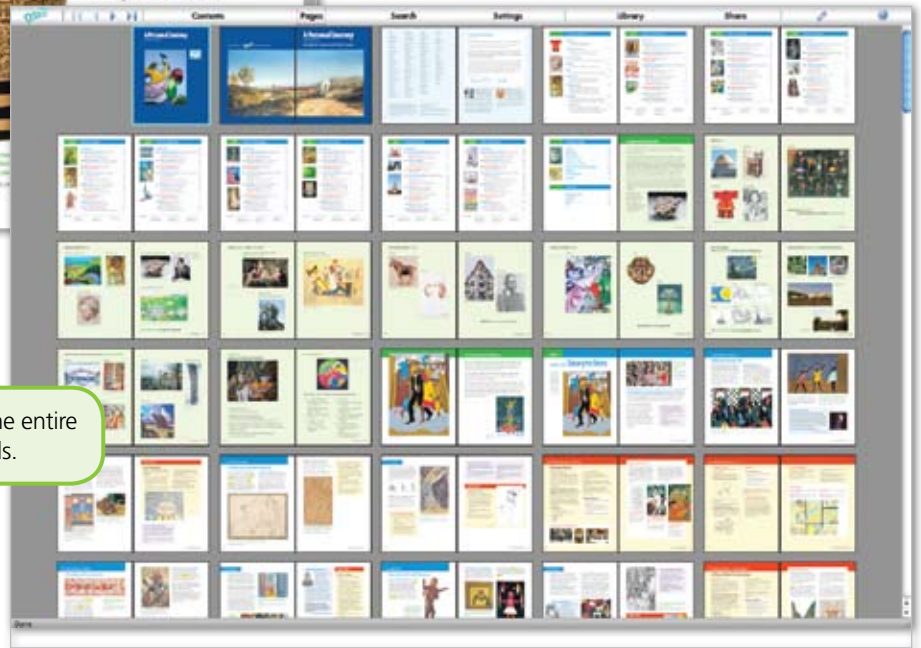

e-Book Features

The **navigation bar at the top of your e-book** includes quick access to the Table of Contents, a thumbnail view of each page, a Search engine, access to the complete e-Library, and more!

Click on any image to zoom in.

One click shows the entire book as thumbnails.

e-Portfolios

Publishing students' work in e-portfolios motivates students and naturally increases the quality and quantity of student artwork.

If you can use e-mail, you can create an e-Portfolio. Just follow these simple steps: **1.** Choose a style from the templates; **2.** Attach an image; **3.** Write text. It's that easy! And you can safely share with parents and colleagues.

e-Communities

Share ideas with your colleagues on best practices and effective lessons and resources from your convenient personalized homepage. Threaded discussions become valuable professional development, especially for new teachers.

Technical Details & Hardware Requirements

Davis Digital, including the e-Books and all other features, is web-based and hosted on Davis's servers. Nothing needs to be loaded on schools' computers or servers. Everything can be accessed easily from virtually any computer that has an Internet connection (i.e. from home or the classroom). Compatibility should not be an issue for any Windows XP or Mac OS X computers using one of the major web browsers.
